

# MATCHEDPLAY™ FOR UNMATCHED RESULTS

MatchedPlay™ Bentgrass Blend is an exclusive blend combining the superior genetics from both DLF and Seed Research of Oregon brands. This unique offering to Target includes the Superbents™ 007 and Macdonald Creeping Bentgrasses, varieties tested and proven to be unmatched by the competition.

**Genetic Diversity resulting from two top programs: Rutgers and Michigan State**

**Extreme Disease resistance including Dollar Spot**

**Versatile - works from tee to green, everything in between**

**Aggressive and dense without the "puffy" effect of many dense varieties**

**Economical, performs under reduced fungicide use**
