

# Crusader

## Turf Mixes/Blends

### Description

Crusader perennial ryegrass/fine fescue mixture is a combination of elite perennial ryegrass and fine fescue varieties that excel under a variety of applications. Quick to establish, Crusader performs well in full sun to moderate shade and exhibits an exceptional turf quality that withstands wear and tear yet maintains its high quality standards. Perennial ryegrass provides the rapid establishment and durability while the fine fescues offer lower maintenance requirements and superior shade tolerance. When combined, they offer one of the most versatile and complete turf mixtures available.

### Key Features

- Quick germination (5–8 days)
- Combination of sun loving and shade tolerant grasses
- Tolerates moderate traffic
- Dwarf growth characteristics
- Endophyte-enhanced for improved insect and disease resistance
- Use: Golf course fairways and roughs, home lawns, commercial applications, parks and play areas

## Additional Specs

### General Characteristics

Establishment (Days)	5-8
