

Tradition

Chewings Fine Fescue

Description

Tradition® fine fescue mixture is based on the traditional swards found in the birthplace of golf. Chewings, hard, sheeps, and creeping red fescues are the indigenous grasses of the game and the backbone of the traditional golf course seed mixtures. Over the centuries, fine fescues have been renowned for their survival under extreme conditions. In places where turf is neglected, tortured and forgotten, fine fescues endure.

Key Features

- Excellent for low to high maintenance
- Drought tolerant
- Shade and sun tolerant
- Disease resistant
- Improved wear tolerance
- Links courses - tees, fairways and roughs
-

Additional Specs

General Characteristics
